BOOK SYNOPSIS

Affirmations are empowering questions that immediately change your subconscious thought patterns from negative to positive. Building on the incredible power of affirmations to draw abundant changes into your life, affirmations allow you to focus on what your deepest desires are to empower you to manifest them. One morning in 1997, college student Noah St John was in the shower when he asked himself a question that changed his life: Why are we trying to change our lives saying statements we dont believe...when the human mind automatically responds to something even more powerful? Thats when he invented the stunningly simple yet amazingly effective method he named Affirmations - one thats since guided hundreds of thousands of people to improve their lives. It will show you how to reprogramme your subconscious mind along with teaching you the following tools: The four proven steps to manifest your desires without a struggle The missing piece to attract more abundance into your life How to reach your goals quicker and easier than ever before What you havent been told about the Law of Attraction How to design your abundant lifestyle in six weeks or less. Now its your turn to join the Affirmations revolution!
